

## SHANKS, BENT OFFSET FOR MALE CAPS

### FEATURES AND SPECIFICATIONS

#### Features and Benefits

- Shank/Cap System reduces electrode expenses in high volume and gun applications
- Use with male caps
- Made of CMW®3 material
- Bent shanks are used for hard to reach applications using male caps
- Provided with Water Tube

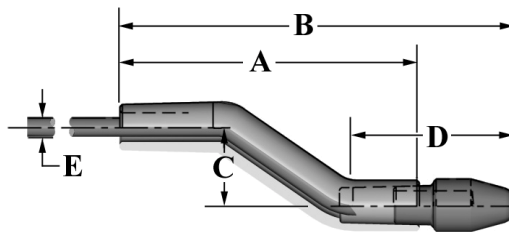

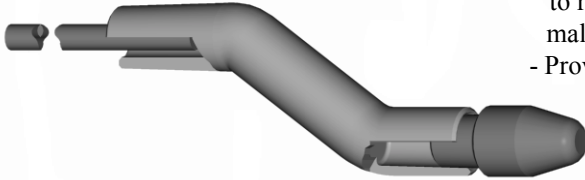

#### Use With

- Male cap electrodes

#### Mechanical

- Electrical conductivity up to 80% IACS
- Rockwell hardness up to 83 HRB

SHANKS

*BENT DIMENSIONS FOR REFERENCE ONLY*

### ORDERING INFORMATION AND DIMENSIONS

RWMA TAPER	DIMENSIONS (in inches)		PART NO.	DIMENSIONS (in inches)		
	A	B		C	D	E
