## FEATURES AND SPECIFICATIONS

### **Features and Benefits**

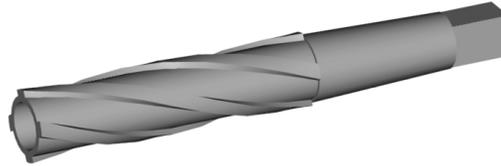

- High speed steel reamers to rework worn tapers in holders are available for standard 4RW, 5RW, 6RW, and 7RW. Hollow reamers make it possible to recondition worn holder tapers without removing the water tubes.

### **Use With**

- All tapered holders

### **Mechanical**

- For #4, 5, 6, 7 tapers
